Entered at the Postoffice at Pioche, Nevada, as second-class matter.

Delivered by Carrier at fifty cents per Month.

Mr. Jacobson, the drummer came in Thursday from San Francisco.

The new graphophones have been running steadily since their arrival giving free concerts.

John Clark, brother of late W. H. Clark came in from Salt Lake City Thursday evening.

Mr. and Mrs. Hans Oleson accompanied by Mr. and Mrs. Mitchell came up Friday from Caliente.

The mercury has stood between 80 and 90 the past week; making up a little for the past few months.

Mr. J. E. Gelder, Manager of the Bristol Copper Company returned from Salt Lake City Sunday evening.

Registration notices for Spring Valley, Eagle Valley, Fay, Clover Valley, Panaca and Caliente appears in this issue.

Mr. Joe Frøe, Superintendent of the E. & F. Mining company came in from the mines Sunday and returned with a lot of supplies.

Our merchants have been in receipt of considerable freight the past week.

John S. Case and James M. Ezell, two Nevada State University students, have leased the Silver State at Winnemucca, and beginning with next month will edit and manage that paper.

Mr. W. Wallace, a Salt Lake Miningman has been inspecting the mineral resources of this section this week. He is greatly impressed with Jackrabbit and Bristol districts.

A. S. Thompson Co., opened their ice house this week and during the summer bottled beer, soda water, sarsaparilla, Idaho Mineral Water and Creamery butter can be had ice cold.

Catherine Pezzetto has commenced suit against her husband Ferdinand Pezzetto asking that the bonds of matrimony be dissolved. The parties are residents of Las Vegas.

Round Valley and Condor Canyon seem to be the regular picnic grounds now. The delicious milk, buttermilk, cream and butter that one can get at Delmoe's is surely enough to attract any one in that direction for an outing.

The main water pipe bursted in front of Woo Tom's restaurant Tuesday night and a geyser shot into the air 75 feet; it ran for about three quarters of an hour before some one could be found who knew how to turn off the water. Had it continued for about three hours it would have emptied the tank.

The registry books for the general election are now open at the offices of the several Registry Agents in this county, as will be seen by notices published elsewhere in this issue. The books opened in the first of June this year and will close on the 9th day of September, in accordance with the amended law regarding registration. Don't forget the date of closing if you want to vote at this coming election.

The week ago last Saturday during the rain storm a flash of lightning at 1 P. M. struck the wires close to Al Carman's residence on Main Street and burned the wires in too in four places where they were against the side of the house and also scorched the boards badly. Just a minute previous Mr. Carman had made the ground connection, and he just missed the bolt a minute time.

RAILROAD NEW SMELTING PLANT.

TO BE BUILT AT ONCE
FROM CALIENTE
TO PIOCHE.

To Be Known as the Caliente
and Pioche Railroad
Company.

Articles of Incorporation filed
in the office of the County
Clerk of Salt Lake
County, Utah, on the 8th.

"The Salt Lake Desert News of the 8th contained the following most pleasing and welcome bit of news to the residents of this section and the good old town of Pioche in particular:

"Pioche is going to have a railroad at last. According to information received in this city to-day from Los Angeles, Cal. John Weir, President of the Nevada-Utah Mines and Smelters Corporation, after several conferences with officials of the San Pedro, Los Angeles and Salt Lake Railroad, has made arrangements with them for the early construction of this important feeder, which will place the old mining camp of Pioche in rail communication with the outside world.

"It is understood that Col. Weir has deposited a fund sufficient to build the road, on which the Salt Lake management may draw. When the road is completed and opened for traffic, the money is to be returned in the shape of credits on charges of out going freight.

"The grading for the road was done a good many years ago but will of course have to undergo considerable repair before ties and rails can be laid.

"For nearly two years the Nevada-Utah Company has been exerting a great deal of energy in the development of its Pioche possessions preparatory to beginning production upon a large scale.

"The articles of incorporation of the new road, which is to be known as the CALIENTE & PIOCHE RAILROAD Company were filed in the office of the County Clerk Eldredge to-day. The company will build a branch line from Caliente to Pioche, a distance of 30 miles connecting with the Salt Lake Route at Caliente. The cost of the proposed line will be \$300,000. The capital stock of the company is \$300,000, divided into 3000 shares of the par value of \$100 each.

"The stockholders are as follows: W. H. Bancroft, 1 share; E. Buckingham, 1 share; F. H. Knickerbocker, 1 share; J. Ross Clark, 1 share; P. Pennel Cherrington, 1 share; C. O. Whittemore, 1 share; W. H. Bancroft, trustee, 147 shares; J. Ross Clark, trustee, 147 shares. J. Ross Clark is president and director. W. H. Bancroft, vice-president and director; E. Buckingham, C. O. Whittemore, P. Pennel Cherrington and F. H. Knickerbocker, directors; W. H. Leete, treasurer; W. H. Comstock, secretary."

The advent of the road will surely bring us much prosperity and we welcome the news most gloriously; and yet in the face of the above item, our proverbial knacker is still in evidence, for when told of the above and asked his opinion, he said "Well it isn't here yet, and until I see the locomotive in the flat you can't make me believe that we will have any railroad." He is like the egg epicurean who wanted fresh eggs and to be sure that he got them hired a man to watch the hens lay, and also to watch the cook when they were fried; the watcher preformed his duty even to bringing the plate of eggs on the table, when he was asked "are you sure they are fresh?" and when told that they were fresh from the hen house, said "they don't look good to me I will have to taste them first."

The Nevada and California train from the south now stops at Wabaska only long enough to take on passengers and express. Passengers on this train now eat at Mina and Hazen or Reno.

NEW SMELTING PLANT.

Sunday's issue of the Salt Lake Tribune comes out with the welcome news that the Americinn Smelting & Refining Co. is planning to erect a smelter at Caliente. The article is copied in the columns of The Record and contains good logic, though the question arises in the minds of some people, "will not the Salt Lake Smelters need our valuable fluxing ores to treat their silicious ores?" and "will it not cost as much to ship the bullion as the ore." This is the point we wish to discuss.

In the first place the silicious ores mentioned are principally shipped from The Tonopah & Goldfield districts. Now if these ores are treated at Caliente the distance they will be hauled will be decreased by about 400 miles or more than half, which will certainly cut down the expense of shipping. In the case of the Pioche ores the haulage will be reduced from 340 miles to 30 miles, brings the plant practically at our door. Now as to the cost of getting fuel to Caliente, after the coke is loaded on the cars at Sunnyside Utah, the cost will be very little more to haul it to Caliente than Salt Lake, and the cost of labor should be very little more.

The question of shipping the bullion is easily disposed of. It is universally the object of the smelters to run with as little lead as will keep the furnaces in good condition, for the reason that the dry ores of the present day are greatly in excess of the lead and is necessary to economize the latter in order to treat the great bulk of the former.

Let us take a smelter charge of 121-2 per cent lead. This reduces aton of ore to 250 lbs. or one-eighth the original amount, and in the case of Tonopah district ores which are invariably dry ores the tonnage is virtually reduced to nothing as the values are concentrated into the bullion, which as shown above, is only of the original tonnage; this being a greater concentration than the average mill will effect.

From the above it is obvious that the Smelting Co. is making a wise move in this project and the benefit to the producer of this section, will be very material, since most of the ore here is of the fluxing class, and where heretofore it could not be shipped, can be handled at a profit.

The Nevada-Utah Co. alone has thousands of tons of this fluxing ore blocked out, to say nothing of the undeveloped veins in the surrounding districts. The mines at Bristol could also furnish an astonishing tonnage of low grade ores that ore now left on the dumps and in the mines, on account of the distance now necessary to haul, which of course eats up the profits, thus forcing the operators to ship only the high grade product.

DAY TRAMWAY.

The Nevada-Utah Company started in Tuesday to put up the tram at the Day mine. It took 12 horses to pull the cable from the lower ore bins to the upper ore bins. The length of the tramway will be about 1200 ft. The boiler for the Day mine was also hauled up and will be installed in its place, and big ore bins will be erected at once, most of the timbers for this being framed a couple of months ago. This move coming right on top of the announcement of the incorporation of the Caliente and Pioche Railroad is surely a good omen of the building of the railroad very soon.

A CPOSE SHAVE.

Sunday night Mr. Cowan picked up the oil lamp in his store and started to the back room, and as he passed through the doorway which was hung with lace curtains they took fire from the lamp, and were a mass of flames immediately. Mr. Cowan pulled down the curtains with his hands and stamped the fire out, but not before he had suffered severe burns on the left hand. It was a close shave to a big fire and it was fortunate that it was put out so quickly.

TEACHERS EXAMINATION.

Notice is hereby given that the regular semi-annual examination of applicants for Teacher's Certificates in and for Lincoln County, Nevada, will be held in the town of Pioche, in said County and State, on the 9th, 10th and 11th day of July, 1906. Any person desirous of taking such examination should so notify the County Superintendent of Schools before said 9th day of July, 1906.

Notice to Creditors

In the Fourth Judicial District Court of the State of Nevada in and for the County of Lincoln.

In the Matter of the Estate of Benjamin Sanders, Deceased.

Notice is hereby given that the undersigned was duly appointed administrator of the said estate of Benjamin Sanders, deceased, on the eighth day of May, A. D. 1906, by the Fourth Judicial District Court of the State of Nevada in and for the County of Lincoln, and duly qualified before said Court as such administrator on the said eighth day of May, A. D. 1906.

All persons having claims against said estate are required to file the same with proper vouchers and statutory affidavits attached, with the Clerk of said Court within three months from the first publication of this notice.

Date of this notice, June 11, 1906.
JAMES LEMOINE,
Administrator.

Date of first publication, June 15th, 1906.
Chas. Lee Horsey,
Attorney for Administrator.

Registry Agent PIOCHE Precinct.

Notice to Creditors

In the Fourth Judicial District Court of the State of Nevada, in and for the County of Lincoln.

In the Matter of the Estate of George Simmons, Deceased.

Notice is hereby given that the undersigned has been duly appointed and qualified by the District Court of the State of Nevada, in and for the County of Lincoln, as Executor of the last Will and testament of George Simmons, deceased.

All creditors having claims against said estate are required to file the same, with proper vouchers and statutory affidavits attached, with the Clerk of said Court, within three months after the first publication of this notice.

GRACE SIMMONS,
Executor of the last Will of George Simmons, deceased.

Dated, May 25, 1906.
Date of first publication May 25th, 1906.

Forfeiture Notice.

Fay, Nevada, May 5, 1906.

TO GEORGE E. COX: You are hereby notified that I have expended during the year 1905, \$100 in labor and improvements upon the Lyda Lode Mining Claim in Eagle Valley Mining District, Lincoln County, State of Nevada, the location certificate of which is found of record in Book P, Pages 474 and 475 in the office of the Recorder of said County.

Said labor and improvements being done and made in order to hold said claim, under the provisions of Section 2324 of the Revised Statutes of the United States and the amendments thereto, concerning annual labor upon mining claims being the amount required to hold said lode mining claim, for the period ending on the 31st day of December, A. D. 1905.

And if within ninety days from the personal service of this notice or within ninety days, after the publication thereof in accordance with said section 2324, you fail to refuse to contribute your portion of such expenditure as a co-owner, your interest in the claim will become the property of the subscriber, your co-owner, who has made the expenditure required by the terms of said section 2324, your share of said \$100 being the sum of \$50.00.

The excellent train service and equipment of the Salt Lake Route and great variety of routes offered affords opportunity for an enjoyable trip. Inquiries from prospective travelers will receive prompt attention from agents or T. C. Peck, A. G. P. A., Los Angeles, Cal.

STATE NEWS.

Items Gathered From Our Exchanges.

Judge Currier of Reno has decided that a newspaper has no right to examine police court records.

Fifty labors were shipped from Reno last week to work in the devastated section of San Francisco.

Dr. L. W. Cushman, head of the Department of English at the Nevada State University, has been given a year's leave of absence.

Oregon Short Line officials will arrive in Mason Valley in a few days for the purpose of estimating the cost of a line from Wabaska to Yerington, a distance of twenty miles.

The friends of Harry Butts are all working for his release from prison at the time of the next meeting of the board of pardons, which will be in a few weeks. Butts was sent up from Washoe county for shooting a fellow gambler named Reynolds. He was under the influence of a drug at the time, but since his incarceration he has been cured of this habit and that is why everybody is eager to see that he is released. Petitions to this effect are being circulated both in this city and in Reno.
